

For our project, "A change to our community," Toby, Dalton and Jesus decided to create a short film to show and inspire our community on how to make a change.

We started our video by driving to the part of our town that needs the most help and included a black and white filter to create suspense. In this scene the student (Toby) is thinking about how he can change what he just saw. He can't do it on his own so he drives to his best friend's house (Dalton) and asks for advice. Dalton recommends joining Wray FCCLA, Toby not knowing what it is asks Dalton if they can go talk to somebody else. They both arrive at the teacher's office (Jesus) and Toby asks what he can do to benefit his community to what the teacher responds to simply join FCCLA and creating a project. The teacher proceeds to show his students some of the projects that have been done (pink out, Veterans Day, operation winter soldier).

The video ends by the teacher asking his student Toby if he's interested in joining after showing him the project. Toby decides to join and Dalton comes out with a Wray FCCLA shirt and they hold it like if he just got drafted to the NBA. This video was intended to show to our students and letting them know that we can all make a change to the community and we can start by doing the little things making our community a better place to live.
